A plugged or restricted PCV system on this vehicle is a common cause of premature distributor failure due to oil contamination. We recommend the installation of a new PCV valve (sold separately) and a check of any related hoses as part of the ignition distributor replacement for this application.

<b>HIGH PERFORMANCE SYSTEMS</b>				
<p>These High Performance distributors along with external coil and module combinations include a revolutionary new external high output coil and module systems as well as a complete, chromed distributor equipped with rotor and cap with brass terminals to produce stronger spark transfer and superior durability.</p> <p>The distributor comes assembled with the external coil and module system producing up to 10% more horsepower and up to a 20% increase in fuel economy. This revolutionary technology has been made possible due to the development of an ignition module capable of absorbing 40% more energy than a conventional ignition module.</p> <p>This combined with an extreme high output external coil and sealed into a ventilated aluminum alloy housing has resulted in this revolutionary product.</p>

**INFORMATION • NEWS • PRICING • ORDER • MSDS**

My CARQUEST homepage is a constantly updated, industry specific web application that is imbedded into all the CARQUEST eServices Products. It offers the Service Dealer a one-stop source for information about CARQUEST the industry and the world. This product provides your store with CARQUEST MSDS Sheets, Digital Images and CARQUEST Promotions as well as information about CARQUEST Technical Institute (CTI) and in the near future you will be able to retrieve accounts receivable information through "Instant Access."

CARQUEST eServices provides a suite of management, information, and part sourcing solutions designed specifically by and for the Service Dealer. These solutions come in a menu of choices from stand-alone ordering and information tools, to integrated shop management and point of sale applications, helping the Service Dealer Customers make buying and repair decisions quick, easy, and accurate.
